Research in Chemistry
2017 Research Experiences for Undergraduates
May 21 – July 28
West Virginia University

Experience a unique combination of **multidisciplinary research, educational programs,** and **fun team-building activities.** Participants are involved in ongoing research programs in the fields of **chemistry and biochemistry** with applications to disease detection and treatment, pharmaceutical synthesis, and emissions.

**STIPEND:** $5,000/summer + room & board

*Applications may be reviewed upon completion. Deadline: February 3, 2017.*

Priority will be given to applications completed by/before the February 3 review date.

Applicants should be rising Freshman through Senior undergraduate students majoring in chemistry or biochemistry. **Underrepresented minorities, women, persons with disabilities and veterans of the U.S. Armed Forces from primarily undergraduate institutions in West Virginia and the Appalachian region are especially encouraged to apply.**
