Experience a unique combination of multidisciplinary research, educational programs, and fun team-building activities. Participants are involved in ongoing research programs in the fields of chemistry and biochemistry with applications to disease detection and treatment, pharmaceutical synthesis, and emissions.

STIPEND: $5,000/summer + room & board

Applications may be reviewed upon completion. Deadline: February 2, 2018. Priority will be given to applications completed by/before the February 2 review date.

Applicants should be rising Freshman through Senior undergraduate students majoring in chemistry or biochemistry. Underrepresented minorities, women, persons with disabilities and veterans of the U.S. Armed Forces from primarily undergraduate institutions in West Virginia and the Appalachian region are especially encouraged to apply.

Link to online application, information on specific faculty research interests, and other information on the NSF-funded Chemistry REU site can be obtained at: http://undergraduateresearch.wvu.edu/reu-site-research-in-chemistry-at-wvu
