

Research in Chemistry
2020 Research Experiences for Undergraduates
May 17 – July 24
West Virginia University

Experience a unique combination of **multidisciplinary research, educational programs, community outreach** and **fun team-building activities**. Participants are involved in ongoing research programs in the fields of **chemistry and biochemistry** with applications to disease detection and treatment and pharmaceutical synthesis.

STIPEND:\$5,000/summer + room & board

Applications may be reviewed upon completion. Deadline: February 7, 2020.

Priority will be given to applications completed by/before the February 7 review date.

Applicants should be rising Freshman through Senior undergraduate students majoring in chemistry or biochemistry. ***Underrepresented minorities, women, persons with disabilities, first generation students and veterans of the U.S. Armed Forces from primarily undergraduate institutions in West Virginia and the Appalachian region are especially encouraged to apply.***
